

# Santa / Elf Pine Cone Hat Pattern

The hat will depend on the size of your pine cone. Below are three sizes. Please make your own if none of these fit your cone. These all require trimming the felt after you fit them on.

## BEARD AND TRIM

The hat trim is just a long rectangle piece of felt cut to fit around the cap. Make it as thick as you wish. The felt beard is a curved piece of felt cut into with small strips almost to the end as shown. Make whatever size fits your pine cone and trim it to as short or long as you wish.
