

# Positives Magic Potion You Can Drink

Print and cut out the labels of choice. Glue or tape onto containers. Cover them with clear packing tape to keep them nice. The labels can be used for various sized bottles but they fit nicely on the sizes shown. Print out an instruction sheet to give with the potions. (Can be printed on parchment paper.) There are also large labels to put on your container.

## INSTRUCTIONS FOR DRINKABLE POTIONS

Fill your bottles with various juices or plain or distilled water. Add a tiny bit of food coloring to give them different colors. You can supply a dropper with the smaller bottles if desired.

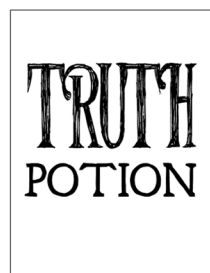

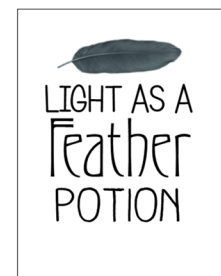

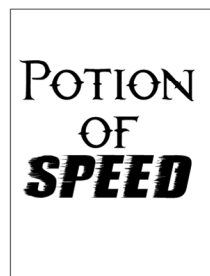

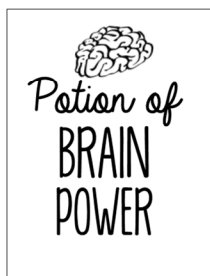

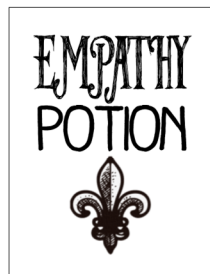

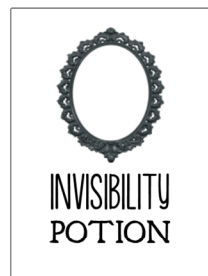

SMALL LABELS

# Positives Magic Potion You Can Drink

## LARGER LABELS

# Positives Magic Potion

## INSTRUCTIONS

You may take 4 drops, 1 tsp, or in the case of very small bottles, an entire bottle. Effects last up to 4 hours. Repeat as needed.

| Potion Name                   | Effect   | Potion Name                      | Effect                                  |
