

Soda Bottle Gift Wrapping Decor

CHOICES (There are two sizes of each):

1. Print colorized version on cardstock, cut out and glue together and attach to bottle.
2. Print white version onto white cardstock and color with markers or colored pencils. Cut out and attach to bottle.
3. Print out white version and use as a template to cut out using green and red cardstock. This creates a holly leaf with no lines, which some prefer and what we used on our tutorial.
