

Won't Kill You if You Drink it Disinfectant Cleaner

(PLEASE DON'T DRINK IT)

- 16 oz. Spray bottle (Double the amounts below for a 32 oz. bottle)
- Funnel
- 2 cups hot water
- 1 tsp 20 Mule Team Borax
- 1/2 tsp Arm & Hammer Washing Soda
- 1 tsp Castile Liquid Soap or Dawn dish washing liquid
- 1/4th tsp tea tree oil (Therapeutic grade if possible.)

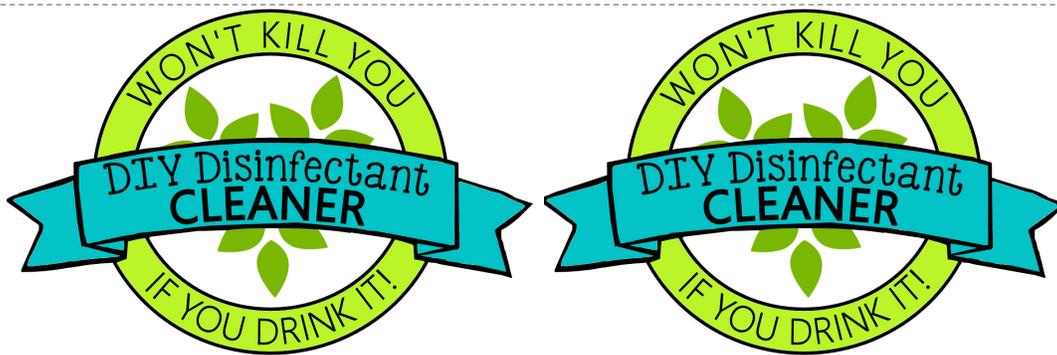

INSTRUCTIONS

Add the Borax, Arm & Hammer Washing Soda, and the liquid Castile Soap to the bottle. Pour two cups of hot water into the bottle, and shake it well to mix until dissolved. Add you tea tree oil and shake again lightly.

Use it safely everywhere but windows. Kitchen, bathroom, walls, floors, sinks, toilets etc. Also cuts grease and Tea Tree oil makes it a disinfectant, antiviral, fungicide and an antibacterial. Also keeps bugs away as its an insecticide.

BEFORE CUTTING OUT YOUR LABELS Print your labels on regular paper. Then to protect and waterproof them run a strip of packing tape over them, centered it along the dotted lines. Carefully cut out the labels or however many you need. You can attach each label to your bottles using either spray adhesive or with more packing tape.
