

Curtain Makeover Patterns

Image #1 shows the colors we used to match a specific room. Image #2 shows how the various pieces of felt are layered. These designs and colors were created to match a specific bedspread. You can use these or create your own designs and cut them out in whatever colors match your room. The remaining pattern pages can be printed on regular white paper. Each page should be cut out of one color felt as labeled.

This illustration shows the various pattern pieces and colors used for each one. Adapt colors to your own room.
